Dear Interested Party:

I am pleased to inform you that I have issued a final decision notice and finding of no significant impact for the Otter project. I have selected the proposed action alternative as described in the Otter Environmental Assessment. We appreciate all the input we received during the planning and analysis phases of the project. Your comments have been useful in the development and design of the project and in the drafting of my decision.

The decision notice and finding of no significant impact is available on the Allegheny National Forest website at: <https://www.fs.usda.gov/project/?project=55025>. The project documents are also available from the Marienville Ranger District office. Office business hours are from 8:00 a.m. to 12:00 p.m. and from 12:30 p.m. to 4:30 p.m., Monday through Friday, excluding holidays. For additional information, please contact Kevin Treese, District NEPA Planner, at (814) 927-5759 or kevin.treese@usda.gov.

Since this project has completed the objection process pursuant to 36 C.F.R. 218, it can be implemented immediately. I appreciate your time and interest in the Otter project and management of your public lands.

Sincerely,

ROB FALLON
District Ranger
